

GENERAL DISARMAMENT FONDLY HOPED FOR

Chancellor Luther Says Such
Action Is Necessary for
Real Peace

Don't Doubt Statement

Not that these interviewed doubted the authenticity of the statement, they only wondered whether Champlain did not mentally qualify his statement. They believed perhaps he meant that preliminary, not final, plans would be taken. The Foreign Office will ask Foreign minister Schumann for comment on his return from London Friday or Saturday.

What can we say except that the Foreign Office said a spokesman close to the Foreign Office Wednesday night, "Disarmament would mean real equality to the nations. It has been our consistent policy, Chancellor Luther has again emphasized that without disarmament peace cannot have any meaning."

KLING'S CONDITION GROWS MORE SERIOUS

Special Bulletin Cable

BURWASH, Eng., Dec. 3. — The condition of Rudyard Kipling, who is ill with bronchial pneumonia, is unchanged, it was announced tonight. It was stated his condition is serious enough to warrant the administration of oxygen.

LONDON, Dec. 3.—British unemployed last week numbered 1,174,000, a decrease of 21,737 from the previous week, and of 16,082 as compared with the same week of 1924.

PARIS DIVORCE "BROKERS" LURE AMERICAN GOLD

Wealthy Divorced and
Wives Pay Liberally
For Fast Action

SINGLE OUT UNHAPPY

"Painless Divorce" Is Now
Advertised on Paris
Billboards

PARIS, Dec. 3.—Marriage
freedom has been almost en-
tirely displaced by divorce
brokers as a profitable profession
in Paris.

American fathers and mothers
are extremely reluctant to pay
the divorce brokers' fees. But
wealthy husbands and wives who
want their freedom are willing
to pay liberally for fast action.

The brokers work on the eastern
coast near New York and have
the fashionable hotels along
the Champs Elysees and the Rue de
Rivoli.

Negotiations are carried on at tea
dinner and at the more dinner
dances at the Ritz and the Pera
which wealthy Americans frequent.

Look for the Tendency
The tendency is to make either
the American husband or the
American wife the one who is

Mr. X may be either a Frenchman
or an American. The brokers pay
attention to nationality. Many
of the brokers are divorce brokers
and receive personal attention
as to the nature and effective
nature of the divorce.

American women of considerable
wealth, who have never married,
have also taken on the Paris divorce
brokers. They are in Paris at
the moment. The divorce must pay
attention to the nature of the divorce.

PARTY OF FARMERS TO VISIT S. AFRICA

LONDON, Eng., Dec. 3.—Prepara-
tions are already under way for a
party of British farmers to journey
to South Africa, and to make a re-
turn visit which was paid this sum-
mer to South Africa, farmers to
Great Britain.

The tour which had received the
approval of the King, is to be di-
vided into two hundred and fifty
and Irish farmers, and the cost of
the trip, thanks to the generosity
of the railway and steamship ser-
vices, will be kept at a particularly
low figure. The farmers, which is
being arranged will afford the first
possible opportunity for seeing
the most of the agricultural districts
of the Union, as well as the more
important mining and industrial
centres. A big attraction, although
somewhat outside the chief purpose
of the tour, will be the visit to the
world-famous Victoria Falls, and to
Cecil Rhodes and Jameson's graves
in the Matopos, Rhodesia.

The party is expected to leave
England early in January and will
remain in South Africa until the end
of April.

Babies Thrive on Milk of Coconut

PARIS, Dec. 3.—Young
children for young mothers is the
advice of the United States govern-
ment to South Sea islanders to
use milk for their babies.

The use of coconut for babies is
still an experiment, but so far a con-
siderable number of babies have
been born in the most of four years
ago, together with all the
coconut milk for the drink.

REAL ESTATE SLUMPS IN CITY OF RHEIMS

RHEIMS, Dec. 3.—Rheims is
among the few cities in France with
empty apartments and a slumping
real estate market. The
growth of the population has not
been kept up with rebuilding and re-
novation as there are only 15,000
houses as compared with 117,000
before the war.

The second Rhine was generally
associated first with exiles, and
then Champagne. Before the war,
however, it was an important Indus-
trial city where iron weaving, silk
weaving and bleaching employed 15,000
persons, now reduced to about one-
half of that number.

Land which at Armistice time sold
for 10 to 25 francs the square meter,
when it was thought that the city
would be built again in a short time,
is now offered at from 5 to 10 francs.
The League for the Industrial
Commercial and Labor Development
of Rheims has been formed to come
to the rescue.

WINTER FISHING IN FULL SWING

Winter fishing is now in
swing in the northern lakes
and rivers. The season
of the Canadian West and the
United States. Fishing commenced
December 1 in the following
Provinces: Manitoba, Ontario,
Quebec, New Brunswick, Prince
Edward Island, Nova Scotia, and
the Yukon.

As in previous seasons, fishing
the latter lake is restricted to
certain hours, the lake being
closed during the cold weather
season mainly for the purpose of
keeping the number of fish which
are more valuable for food.

The Marine and Fisheries
Department has a great in-
crease of fish in the lakes and
rivers. The smaller lakes are
closed during the cold weather
season. The larger lakes are
open in the larger bodies of water.

The Red Cross Needs Your Help

IN TIMES OF PEACE, JUST THE SAME AS IN WAR, THE RED CROSS IS CARRYING ON ITS
GENTLE MINISTRATIONS TO THE SICK AND SUFFERING. IN EVERY COMMUNITY THEY
ARE FLYING TO THE RELIEF OF EMERGENCY DISTRESS, PREVENTING DISEASE, LOOKING
AFTER THE GENERAL HEALTH, AND TRANSFORMING CRIPPLED AND MAIMED CHILDREN
INTO STRONG AND USEFUL CITIZENS. ISN'T THIS WORK WORTH WHILE? DOESN'T THIS
WORK OF MERCY PLAY UPON YOUR HEART STRINGS AND BRING TO LIGHT THOSE FINER
AND MORE TENDER IMPULSES OF SYMPATHY AND CONSIDERATION OF THE LESS
FORTUNATE OF OUR FELLOW BEINGS? GIVE THE RED CROSS CANVASSER A KINDLY RE-
CEPTION. OPEN YOUR HEART AS YOU HAVE NEVER OPENED IT BEFORE.

MUCH FISH TAKEN FROM COLD LAKE

Commercial fishing for trout in cold lakes, during the winter months, has been discontinued on orders from the Department of Marine and Fisheries. This is due to the great amount of trout which has been taken from these lakes during the past few years.

Cold lakes are recommended as the premier trout reserve of the province, and in addition to the trout, they are also a source of supply for the winter months. The Department of Marine and Fisheries has been ordered to allow a recount of the ballots in the election, which was held on November 17, 1924.

Cabins on Outposts of Country Will Be Brightened by Cards and Calendars

Loaded with five hundred pounds of first class matter, the mail train left Fort McMurray on Wednesday morning for the Arctic regions. The mail train is composed of five hundred pounds of first class matter, which is to be distributed to the various outposts of the country.

These buildings are located close to the river bank, which is being constantly cut away by the action of the ice and spring freshets. During the past few years, the buildings have been carried away to a depth of three feet, and the northern residents are of the opinion that the same will occur again.

Over 4,000 tons of freight are handled each season by the river train, which is the only mode of transport for the northern residents. The train is composed of five hundred pounds of first class matter, which is to be distributed to the various outposts of the country.

Britishers Are Consuming Less Spirits Than Formerly

LONDON, Eng., Dec. 5.—(Canadian Press Despatch).—People are drinking more beer and less spirit than formerly, wine is more popular and the consumption of tobacco remains virtually stationary.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

EDITOR JUDGE HOLDS COURT BY TELEPHONE

Testimony Taken Over the
Wire From Men in
Business Offices

NO PAY FOR LAWYERS

Cases Tried Without Cost,
—Judge's Front Porch
as Courtroom

WICHITA, Kan., Dec. 3.—David Leahy of Wichita, "dean of Kansas newspaper men," is the judge in the United States who tries cases by telephone. He is judge of the "small claims" court, permission for the establishment of which was granted by the last legislature. A telephone rings in a Wichita business house.

"Hello. This is Judge Leahy. I want to get your testimony in regard to the Jones vs. Jones case." And so the testimony is taken, to be summarized in the court records and used as the basis for a decision. The "plaintiff" is represented by a man called by Judge Leahy after all the evidence is collected and the decision is reached in the principal place of the United States.

Judge Leahy's testimony is a rare place for a lawyer. He himself accepts no compensation for his services, nor compensation for his services. From admission writers they wish to be more spectators.

From the courtroom is abandoned.

At the summer time. Most of the cases decided this past summer were heard on Judge Leahy's front porch. The seat of judgment was a rocking chair the defendant and plaintiff took their places at the court.

Each man to the number of his war record at the Great War Veterans' bureau, known for the work which is done in connection with the war. The men are registered at the G.W.V.A. office, says W. T. Rice, manager of the bureau, and they are not able to go any further work.

Quoted by The Bulletin as the result of water employment for these veterans. Mr. Rice, stating that the bureau was far from encouraging each man to the G.W.V.A. office, a considerable number of men are going to the bureau to get their names in the list.

BRITAIN'S ROYAL FAMILY FIFTY-FOUR YEARS AGO

The picture from which the above group is taken appeared in the London *Graphic* on December 23, 1871. The central figure is, of course, the late Queen Alexandra. On the right the Prince has his hand on the shoulder of the eldest son, Prince Edward, born January 9, 1832, and who died January 11, 1907. On the extreme left stands the youngest son, Prince George, born June 2, 1852. The baby on her mother's knee is Princess Marie Charlotte, born November 26, 1858, now the Queen of Norway. The girl with her arm around her mother's neck is Princess Victoria Alexandra Olga Marie, born July 6, 1868, who as Victoria Victoria was Queen of Montenegro's constant companion until the end. Seated at her father's knee is Princess Louise Victoria Alexandra Eugenie, born February 20, 1867, the present Princess Royal, Duchess of York.

Suitor's Letter Is Twenty Years Late

SAINT ETIENNE, France, Dec. 3.—Miss Françoise Isami is now the wife of one of the village's greatest citizens, but she will not say what might have been. Had a letter from one of her supreme suitors, which she received on September 24, 1910, been delivered on time.

Miss Isami then lived at Montebello. The letter was posted at Saint Jean, Switzerland, on September 24, 1910, but it was not delivered until 20 years later.

DECEMBER BEST MONTH

Five Stars of First Constellation
Will Appear—Venus
to Be at Her Best

WASHINGTON, Dec. 3.—Winter is the best time for stargazing, says the American Nature Association, describing the location of the best stars during December.

The stars of the first magnitude are visible in the eastern sky during the first month of the year and Venus will appear at her best.

"We will find in the east Tauurus, the Bull, says the American Association, in well-known groups of the Pleiades and the Hyades and the star Aldebaran that represents the eye of the Bull, and there is the magnificent Orion with his many stars of first and second magnitude.

"To the north of Orion will be the brilliant Cassiopeia. The stars will be much like or hard to see by looking at a small telescope with their naked eyes for us to identify their brilliant stars. Cassiopeia and the Pleiades in December will be well in view in the northeast.

"Venus will be a magnificent object in the southwest for about three hours after sunset. All during December Venus will guard a brilliant star that reaches a maximum January 2.

"Mercury passes from east to west of the sun on December 11 and after that will be in the morning sky and may possibly be seen in the southwest before sunrise the next few days of the month when it will be at its greatest distance west of the sun. Saturn and Mars will be in conjunction in the morning sky in the north. Castor and Pollux in the north. Castor and Pollux in the north. Castor and Pollux in the north.

Paris Uses Fur Of Cat For Rugs

PARIS, Dec. 3.—Cats are becoming an important fur for rugs and their paws are being used for the making of rugs for automobiles.

Nothing strikes some people more than the fact of seeing cats and cats and having to work for a living.

The great Mireaux preached at these times of age, and published a book at ten.

The majority of the new settlers in this land from the agricultural areas of the United States. People in the neighboring areas of the United States have been interested in what Alberta has to offer in the way of free land, and the land office officials have made more generously in the way of the greater number of the settlers in this land from the agricultural areas of the United States. This refers to the greatly increased number of settlers from Alberta who are following in the footsteps of their pioneer fathers and settling in the new country as to want to live in the new country. Glorious Childhood

Music plays a vital part in children's happiness. At every gathering—from the half-shy twosome to the more formal get-together of children in numbers—they dance and sing and play; the clean, wholesome fun of childhood naturally blending with music's strains.

Of course you will give your children a musical education. But when you do, remember the importance of training the ear as well as the fingers. There must be an appreciation of fine music before it can be created. So, select your piano with utmost care.

The tone of the Mason & Risch Piano is resonant and true. It accustoms young ears to true harmony—it sings its way into the heart of beginner and artist alike.

An instrument your children will be proud to own and play all their lives—and so staunchly built that it will still be giving forth its rich tone melodies for the benefit of the succeeding generation.

Largest Export Shipment of Foxes

The largest shipment of silver black foxes to leave Canada for overseas, left Montreal Saturday morning on the S.S. Willard County, when 529 of these valuable little animals, with a total value of \$10,000, commenced the last leg of their journey from Prince Edward Island to Le Havre, France. They were accommodated in 187 crates, and were brought out by the Montreal and Oceanic National Express. The photo shows the special fleet of express cars engaged in the transfer of the shipment from the cars to the boat.

HOLIDAY TRADE STIMULATING ALL BUSINESS

Country Trade Improving In Canada—Collections Also Much Better

NEW YORK, Dec. 2.—(Reuter)—In spite of a slow start from branch offices of the U.S. Dept. of Commerce, the holiday trade in the United States is showing a marked improvement in volume, with a general optimism that the volume of business will be maintained in the future.

Business in wholesale and retail trade is generally improving, with a steady rise in orders being received for staple dry goods, footwear, furniture, groceries, and other household necessities. Collections are also much better.

SMALL EGG PROBLEM WORRIES POULTRYMEN

OTTAWA, Dec. 2.—The small egg problem is becoming more and more pronounced the longer the breeding for high egg production is continued, both in the territories of the Dominion Poultry Husbandman in his report for 1924. A bird that lays one egg that averages 54 grams in the dozen cannot be regarded as a mother for many years.

Official records do not show that a single bird has ever laid more than 200 eggs in a year. A large number of eggs are now being produced, but they are not of the quality of those of the past. The small egg problem is becoming more and more pronounced the longer the breeding for high egg production is continued.

BUTTER FROM CANADA MAKES HIT OVERSEAS

Bristol Importers Laud the Quality of Recent Shipments to England

According to reports made by Mr. Douglas S. Cole, Canadian Government Trade Commissioner at Bristol, satisfaction with this year's quality and improved grading of Canadian butter is expressed by prominent importers in Bristol, one of the most important of the English markets for the product of the Dominion. The Commissioner states that if Canada keeps on shipping butter in this time it will have a great effect on the English market.
